**Attention Town of Arpin Residents**

On Sunday April 27, 2025 at 9:00 a.m. the town board will be doing a road evaluation. The town board will be meeting at the town rental garage and leaving from there. This is open to the public to join along if they wish to drive the 46 miles of Township roads. For those whom don't know what the road evaluation is it is a way for the board to drive the township and inspect road conditions, culverts, bridges, ditches, drainage etc. to get a better understanding of the conditions. Spring is the best time to do it as the weight limits are still on, frost is still coming out of the ground and the culverts are under more water pressure. If you would have any further questions please contact Mark Scheunemann at (715)897-1417.

- Respectfully Submitted,
  - Shelly Grimm, Clerk
